Visitation Status:

- Visitation has been halted. The Interdisciplinary Team will evaluate compassion care visits on a case by case basis.
- All staff and residents (regardless of their vaccination status) with close contact with the positive COVID-19 case will be tested twice weekly for at least 14 days from the last positive case.
- All direct care staff will upgrade PPE to include eye protection in addition to an N95 mask.
- All activities and communal dining will be put on hold.
- We have completed a thorough sanitation routine that exceeds all state and federal guidelines.
- All staff and residents will continue to follow Core Principles of COVID-19 Infection Prevention. We continue to practice the enhanced safety precautions that are known to prevent the spread of COVID-19, such as only essential personnel allowed inside the facility and we screen them for signs and symptoms of illness prior to entering.

PLEASE MAKE THE FACILITY AWARE IMMEDIATELY: KNOWLEDGE OF ANYONE THAT HAS TESTED POSITIVE FOR COVID-19 AND MAY HAVE VISITED OUR FACILITY IN THE PAST 14 DAYS. When visitation resumes, we will be offering visitors a COVID-19 test. It is VERY important to take our screening process seriously and answer the questions honestly. If you are sick, have any symptoms at all, even if you think it's just an allergy, please say something. This is our #1 defense in keeping COVID-19 out of our facility.
