

Christmas Holiday Update

December 23, 2020

Dear Residents/Families/Friends,

With Christmas and New Year's Eve around the corner, we would like to send you and your loved ones the warmest of holiday wishes. We know how difficult it is to celebrate this time of year without the same traditions we have all grown accustomed to, but with the COVID-19 vaccine becoming a reality, we are more hopeful than ever that 2021 will bring happier and safer times for everyone.

The Pavilion at Glacier Valley is scheduled to have our first COVID VACCINE clinic on December 29, 2020.

As always, we are extremely grateful that you have entrusted your loved ones to our care and we are making every effort to provide our residents with wonderful holidays. Our residents enjoyed a Fabulous Holiday Party last Friday and are looking forward to a Special Holiday meal on Christmas day. Many fun events have been planned by our Activities Team and the mood in the facility is certainly Merry and Bright!

Visitors who wish to have a "warmer" window visit with their loved one can **call the front desk at 262-297-6300 to arrange a time**. Feel free to call daily to see if there are any same day unused visit slots available. These visits are held at the East and West side entrances of the building. The visitor will be (warm) inside between the entryway and the resident will be in the facility lounge with a window between the visitor and resident. Communication will be through an intercom. Parking is available by each location.

As a reminder, our cumulative number of cases to date are as follows: 41 residents and 36 staff members have tested positive for COVID-19, 2 staff members this week. Our regular weekly updates will resume next week and we will continue to update you on our website if we receive notifications of new confirmed cases of COVID-19. As always, if you have any questions or concerns please don't hesitate to contact us directly.

On behalf of the entire staff at The Pavilion at Glacier Valley, I wish you a happy and safe Holiday Season.

Sincerely,

Dawn Gordon, Administrator
