

WEEKLY UPDATE

June 19, 2020

Dear Residents and Families/Representatives,

Please accept this letter as The Pavilion at Glacier Valley's weekly update to keep you informed about the status of COVID in our facility and what we are doing to keep our residents and staff safe during the ongoing coronavirus pandemic.

Since the onset of this pandemic, 28 residents and 14 staff members have tested positive for COVID-19 in our facility. While our numbers have been decreasing, I am very saddened to report that we received confirmation of one new case of COVID-19 within the last 24 hours. We continue to monitor our employees prior to the start of their shift for any symptoms related to COVID-19 and our residents continue to be monitored closely every shift. We will make sure we are taking all of the necessary steps to prevent further spread of the virus.

As a reminder, we are following the recommendations of our federal, state and local health officials and are implementing enhanced safety precautions we have previously reported to you, including but not limited to, staff is using PPE as recommended by the CDC and is frequently reminded and encouraged to practice social distancing and to use hand sanitizer and wash their hands when they are in the facility and out in the community. We ask them not to report to work if they have symptoms of illness.

Please continue to check our website for updates. As always, we will notify you if we receive confirmation of a new positive case in our facility and we will reach out to you individually if your loved one is displaying symptoms of COVID-19 or tests positive for COVID-19.

If you have any questions or concerns please contact us directly at 262-297-6300.

Sincerely,

Dawn Gordon

Administrator
